Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Saturday 29 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry and bright with sunny spells. Misty near coast.

Today:
Rather cloudy at first but some decent spells of sunshine developing by the afternoon. Largely dry although an afternoon shower may form across the Pennines. Misty near coasts with a chance of fog. Maximum temperature 20 deg C (68 deg F).

Tonight:
A fine night with long clear spells developing once evening cloud melts away. Low cloud and mist plaguing coasts, with some fog, will spread inland. Minimum temperature 5 deg C (41 deg F).

Sunday:
Another fine day and remaining dry across all areas. Feeling warm by the afternoon with strong sunshine. Remaining misty near coasts. Maximum temperature 21 deg C (70 deg F).

Outlook for Monday to Wednesday:
Dry and warm much of the period. Cooler near coasts, with a chance of low cloud and fog at first, mainly overnight. Becoming rather more breezy. Showers likely by Wednesday.
